## Report on Language & Communication Skills Initiatives

Sanskriti school of engineering has consistently emphasized the importance of language and communication skills in preparing students for professional success. Over the past five years, Sanskriti school of engineering has implemented several initiatives to enhance the language and communication skills of its students. This report aims to provide an overview of these initiatives and their impact on the college community.

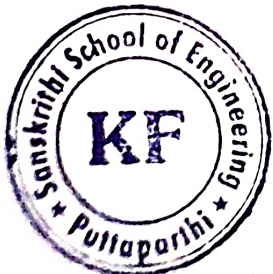

Sanskriti school of engineering has offered a comprehensive range of language learning programs designed to improve students' proficiency in English and other foreign languages. These programs include: The college has using its English trainers and external trainers for imparting communication skills targeting students with limited English proficiency. These training sessions focus on enhancing reading, writing, listening, and speaking skills through interactive activities, language labs, and real-world applications.

**Foreign Language Courses:** Sanskriti has also introduced foreign language courses, such as French, German, Italian, to cater to students' diverse linguistic interests. These courses provide students with an opportunity to acquire a global perspective and develop intercultural communication skills.

**Communication Skills Workshops:** To equip students with effective communication skills, Sanskriti has organized a series of workshops covering various aspects of communication. These workshops include: **Public Speaking and Presentation Skills:** The college conducts workshops on communication skills and presentation skills to enhance students' confidence in delivering impactful speeches and presentations. Students learn techniques for effective body language, vocal modulation, and visual aids usage etc.

**Guest lectures and Trainers:** Sanskriti school of engineering regularly invites renowned guest speakers and trainers from various industries to share their expertise and insights on language and communication skills. This provides students with valuable exposure to real-world scenarios and industry-specific communication requirements.

Sanskriti College's language and communication skills initiatives over the past five years have played a crucial role in nurturing well-rounded graduates equipped with effective communication abilities. By offering language learning programs, conducting communication skills workshops, fostering collaborations, and incorporating feedback, the college has successfully contributed to the holistic development of its students.

## French Language Class session by Prof. Marie Louise

Date : 07-02-18

Venue : Shanti digital classroom

Number of students attended :60

This report provides an overview of the French Language Classes conducted by Prof. Marie Louise at Sanskrithi School of Engineering. The classes were aimed at introducing students to the basics of the French language and fostering a deeper understanding of French culture.

**Objectives:**The primary objectives of the French Language Classes were as follows: Introduce students to the fundamentals of the French language, including grammar, vocabulary, and pronunciation Develop students' cultural awareness and appreciation of French-speaking countries. Prepare students for potential future language requirements in their academic or professional careers.

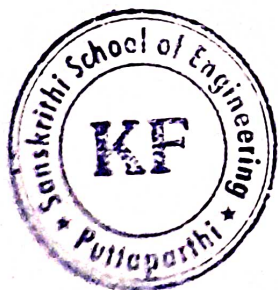

**Instructor Profile:**Prof. Marie Louise, an experienced faculty member with 25 years of expertise in teaching French, conducted the language classes. Her extensive knowledge and passion for the French language and culture made her an ideal choice for this program.

**Curriculum and Course Structure:** The French Language Classes spanned over 3 days.

The curriculum was thoughtfully designed to cover the following key areas:

Introduction to French alphabets, pronunciation, and basic greetings. Building vocabulary related to daily life, professions, food, travel etc..Oral exercises to enhance conversational abilities. Writing exercises focusing on sentence formation and paragraph writing. Introduction to French culture, history, and traditions through interactive activities.

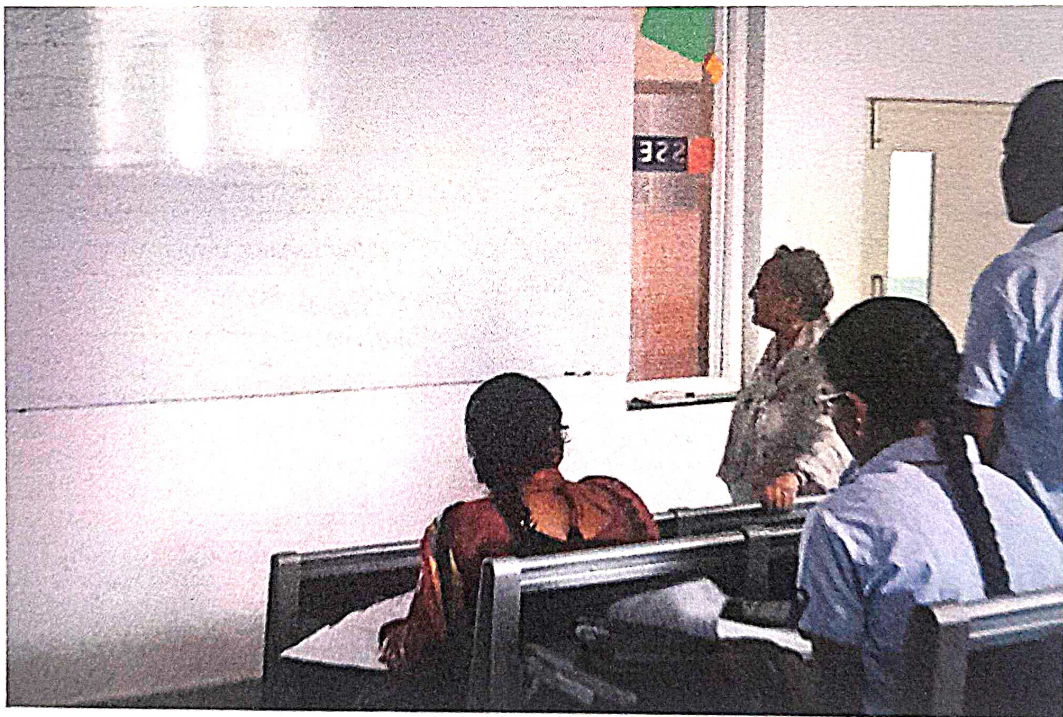

**Conclusion:**The French Language Classes conducted by Prof. Marie Louise at Sanskrithi School of Engineering were a resounding success. Prof. Louise's expertise and teaching methodologies effectively imparted knowledge and skills to the students, fostering a passion for the French language and culture. The program not only equipped students with practical language skills but also broadened their horizons by introducing them to the rich cultural heritage of French-speaking countries.

## French Language Class by Prof. Marie Louise (2nd phase)

Date : 14-02-18 to 17-02-18

Venue : Shanti digital classroom

Number of students attended :77

Prof. Marie Louise conducted a French Language class at Sanskrithi School of Engineering. The session aimed to engage students in learning the French language and provide them with a deeper understanding of French culture.

The objectives of the French Language Class session were as follows:

Introduce students to a specific topic or aspect of the French language or culture.

Enhance students' language skills through interactive activities and exercises.

Encourage students to actively participate and practice their French speaking and listening abilities.

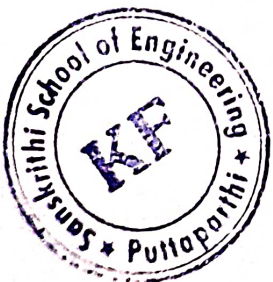

Provide insights into the relevance and applications of the French language in various fields.

### Session Overview:

Prof. Marie Louise started the session by welcoming the students and giving a brief introduction to the topic of the day. She engaged the students in an ice-breaking activity to create a comfortable learning environment and encourage interaction among the participants.

During the session, students actively participated in the activities and showed enthusiasm for learning the French language. The interactive nature of the session encouraged students to express themselves in French, contributing to their language development and confidence.

The French Language Class session conducted by Prof. Marie Louise at Sanskrithi School of Engineering was successful in achieving its objectives of engaging students in learning the French language and promoting cultural understanding. Prof. Louise's expertise, interactive teaching methods, and student-centered approach contributed to an effective and enjoyable learning experience for the participants.

## French Language Class by Professor Louise ( 3rd phase)

Date: 05-11-2018

Venue: Chakra classroom

Number of participants : 62

This report provides an overview and analysis of the 3rd and last French language class conducted by Professor Louise at Sanskrithi School of Engineering. The report outlines the objectives of the class, the teaching methods employed, student engagement, and overall effectiveness of the course.

### Objective:

The primary objective of the French language class was to introduce students to the fundamentals of the French language, including grammar, vocabulary, pronunciation, and basic conversation skills. The aim was to equip students with the necessary language skills to communicate effectively in a French-speaking environment.

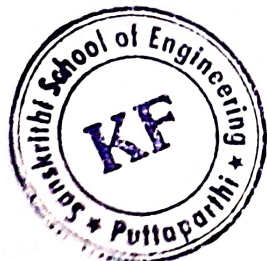

### Teaching Methods:

Professor Louise employed a variety of teaching methods to facilitate learning and engagement in the classroom. These methods included a combination of lectures, interactive exercises, group discussions, audio-visual aids, and role-plays. The use of multimedia resources, such as videos and audio recordings, helped to enhance students' listening and comprehension skills. Additionally, Professor Louise encouraged students to actively participate in class activities, providing ample opportunities for them to practice their speaking and writing abilities.

### Student Engagement:

The students at Sanskrithi School of Engineering demonstrated a high level of engagement throughout the French language class. Professor Louise fostered a positive learning environment by encouraging students to ask questions, share their thoughts, and actively participate in discussions. The interactive nature of the class, with various group activities and role-plays, ensured that students were actively involved in the learning process. Furthermore, Professor Louise regularly provided constructive feedback and individual attention, which motivated the students to improve their language skills.

The French language class series conducted by Professor Louise at Sanskrithi School of Engineering proved to be highly effective. By the end of the series of classes, students displayed a significant improvement in their understanding and proficiency in the French language. They were able to grasp essential grammar rules, build basic vocabulary, and engage in basic conversations in French. The use of practical exercises and real-life scenarios helped students apply their language skills in practical situations, thereby reinforcing their learning.

## Italian Language Class by Ms. Reneta Dossi

Date : 09/01/2019

Venue : chakra digital classroom

Number of students attended :107

Ms. Reneta Dossi conducted Italian language class in Sanskrithi School of Engineering. The classes aimed to introduce students to the Italian language and provide them with insights into Italian culture and traditions.

### Objectives:

The primary objectives of the Italian Language Class were as follows: Familiarize students with the basics of the Italian language, including vocabulary, grammar, and pronunciation. Develop students' listening, speaking, reading, and writing skills in Italian. Enhance students' cultural awareness and understanding of Italian traditions. Provide a foundation for students to pursue further studies or careers involving the Italian language. Instructor Profile: Ms. Reneta Dossi is an experienced Italian language instructor, conducting the classes. With her passion for the Italian language and expertise in teaching, Ms. Dossi was able to create an engaging and effective learning environment.

Introduction to Italian pronunciation, alphabets, and basic greetings. Building vocabulary related to everyday life, professions, food, travel etc. Speaking and listening activities to enhance conversational skills. Writing exercises focusing on sentence construction and composition. Introduction to Italian culture, history, and traditions through interactive discussions and presentations.

Teaching Methodology: Ms. Reneta Dossi employed a variety of teaching methodologies to ensure an interactive and immersive learning experience for the students. These methodologies included: Interactive lectures: Ms. Dossi delivered engaging lectures, encouraging student participation through discussions and activities.

## Debate Competition

Date : 15-02-2020

Venue: Anahata seminar hall

Number of students attended: 87

On behalf of Sanskrithi School Of Engineering, Women Empowerment cell has conducted a Debate on the topic "Should women stay at home and look after children or go with their careers".

The debate aims at women's development and to encourage her strategies to face the challenges in the society. All Sanskrithi School Of Engineering girls participated in this program and expressed their views regarding women's role in the society and their uphill task. This debate may become an eye-opener for younger minds to plan and decide about their future.

The aim of the event was to encourage a thoughtful and constructive discussion on the roles and choices available to women in modern society. The debate aimed to explore the different perspectives and empower students to make informed decisions about their own lives.

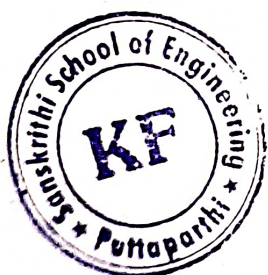

### Debate Structure:

The debate was conducted in a structured format with two teams, each presenting arguments in favour of or against the motion. The participants were given equal opportunities to present their viewpoints and engage in a meaningful exchange of ideas. The debate was moderated by [Moderator's Name], who ensured a fair and balanced discussion.

### Arguments Presented:

The participants presented compelling arguments representing diverse opinions on the topic. The following were the main points highlighted during the debate:

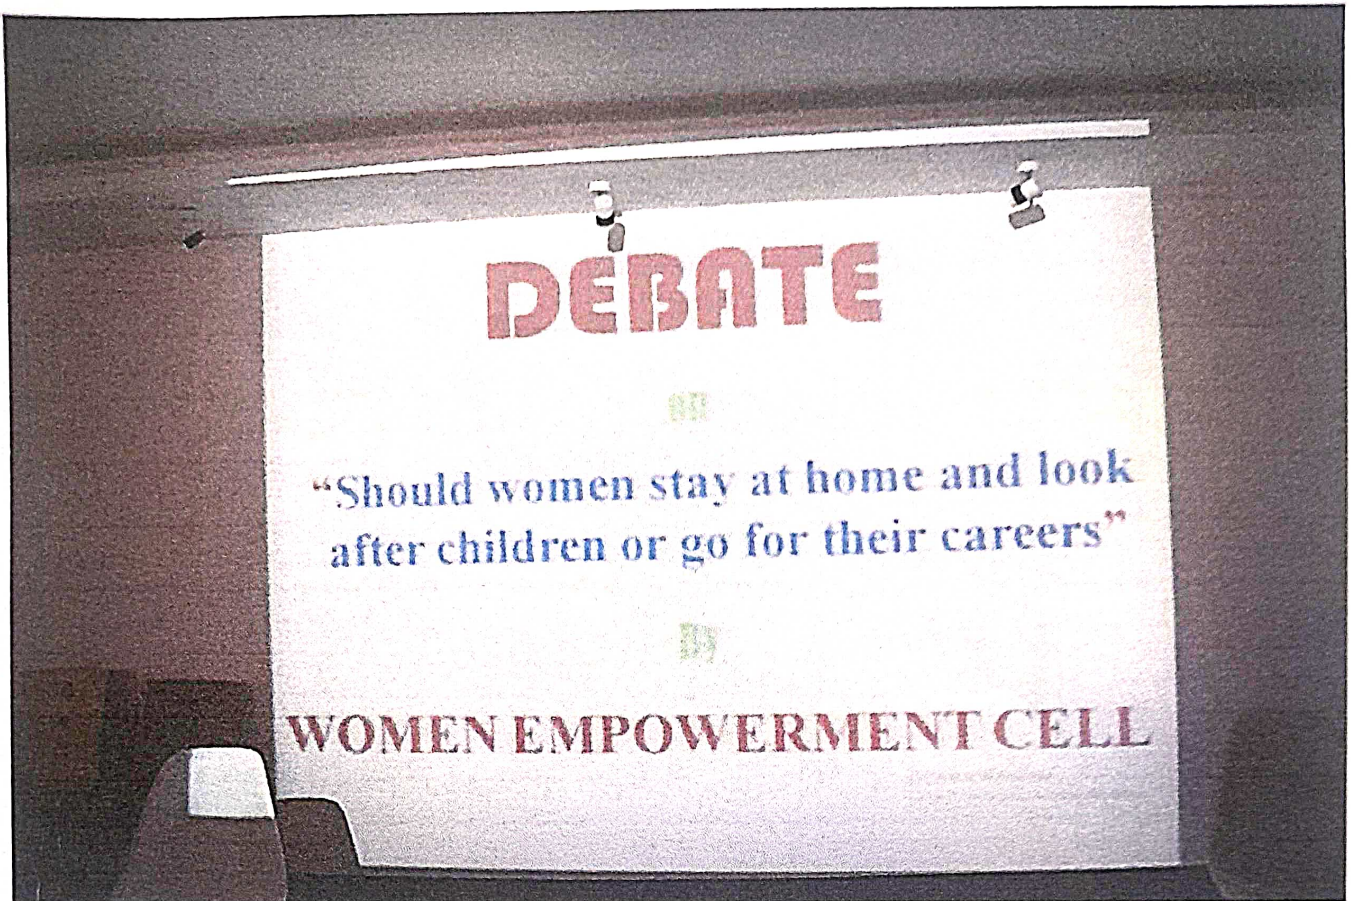

Emphasized the importance of the nurturing role of women in raising children and building strong family bonds. Highlighted the potential negative impact on children's well-being when mothers are not present during crucial developmental stages. Stressed the need for a secure and stable home environment. Advocated for gender equality and the right of women to choose their own paths and fulfil their ambitions. Underlined the economic empowerment that comes with women pursuing careers, leading to financial independence and self-sufficiency. Highlighted the positive impact of women's professional contributions on society, breaking gender stereotypes and promoting diversity.

## Training in Communication Skills

Dates: 03-01-22 to 08-01-22

Venue: Anahata seminar hall

Number of participants: 123

Language trainers Ms Maria and Mr. Wilson conducted a training program on Communication Skills at Sanskrithi School of Engineering. The program aimed to enhance the communication skills of the students, through various interactive sessions and practical exercises.

**Overview of the Training Program:** The training program spanned over a period of six days and covered a wide range of communication skills essential for personal and professional development. The sessions were conducted by experienced trainers and experts in the field of communication, ensuring the dissemination of relevant knowledge and best practices.

**Evaluation Criteria:** In order to assess the effectiveness of the training program, the following evaluation criteria were considered:

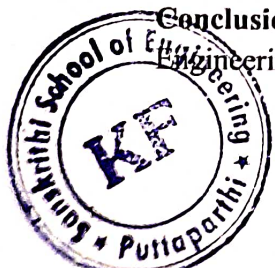

**Practical Application:** The opportunity provided to the participants for practical exercises and real-life application of the communication skills taught.

**Overall Impact:** The extent to which the training program positively influenced the participants' communication abilities and their perception of the importance of effective communication.

**Content:** The training program's content was well-structured and covered a wide range of topics, including verbal and non-verbal communication, effective listening, presentation skills, and interpersonal communication. The material was presented in a clear and concise manner, allowing participants to grasp the concepts easily. However, some participants expressed a desire for more in-depth discussions on certain topics.

**Practical Application:** The training program incorporated practical exercises that allowed the participants to apply the newly acquired communication skills in real-life scenarios. These exercises included impromptu speaking, mock interviews, and group presentations. Participants appreciated the practical aspect of the program as it helped them gain confidence and hands-on experience.

**Conclusion:** The training program on Communication Skills conducted at Sanskrithi School of Engineering was well-structured, engaging, and impactful. It provided participants with valuable

## A Training on Communicative English and Interview Skills

Date: 14-03-22 to 19-03-2022

Venue: Anahata seminar hall and Sathya digital classroom

Number of participants: 206

The training on Communicative English and Interview Skills was conducted at Sanskrithi School of Engineering by Mr. Pavankumar and Mr. Bhagat Rahman. The primary objective of the training was to enhance the participants' English communication abilities and equip them with the necessary skills to succeed in job interviews. The training spanned over a period of six days, covering various aspects of effective communication and interview techniques.

### Training Overview:

#### English Communication Skills:

- Grammar and Vocabulary: The trainers provided a comprehensive review of English grammar rules and assisted participants in expanding their vocabulary.
- Speaking and Listening: Emphasis was placed on improving speaking and listening skills through interactive exercises, group discussions, and role plays.
- Pronunciation and Accent: Participants were given guidance on correct pronunciation and techniques to reduce accent barriers.

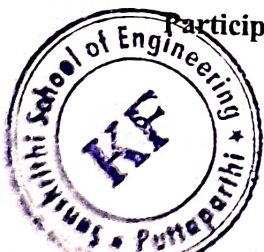

#### Interview Skills:

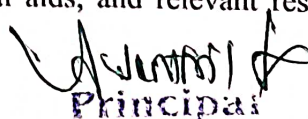

- Resume Writing: The trainers guided participants on creating effective resumes, highlighting their strengths, achievements, and relevant experiences.
- Interview Etiquette: Participants were educated on professional behavior, appropriate dressing, body language, and etiquettes during an interview.
- Mock Interviews: Several mock interview sessions were conducted to simulate real interview scenarios. Feedback and suggestions were provided to improve participants' performance.

### Training Methodology:

The trainers employed a variety of teaching techniques to ensure active participation and engagement among the participants. The sessions were a blend of theory, practical exercises, group activities, and role plays. The training materials included handouts, audiovisual aids, and relevant resources to support the learning process.

### Participant Engagement:

Beedupalli Road, Prasanthigram, Puttaparthi - 515134.  
PUTTAPARTHI - 515 134.  
Anantapuramu (Dt) A.P.

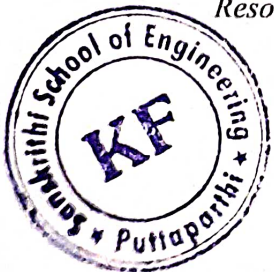

The training program witnessed enthusiastic participation from the attendees. Participants were encouraged to actively engage in group discussions, ask questions, and share their experiences. The trainers created a supportive environment that facilitated effective learning and interaction.

### **Conclusion:**

The training on Communicative English and Interview Skills conducted by Mr. Pavankumar and Mr. Bhagat Rahman at Sanskrithi School of Engineering was a resounding success. Participants gained valuable insights and practical skills to enhance their English communication abilities and improve their performance in job interviews. The training played a crucial role in boosting participants' confidence and preparing them for their future careers.

## CIRCULAR

22.04.2022

This is to inform all the students that there will be a 6-day training session organized in Communicative English for all the 2nd year EEE, Civil and Mechanical students. All the students are instructed to attend the session compulsorily.

**Date – 25th to 30th April 2022**

**Venue - EEE - Sathya Digital Classroom, SSE.**

**Civil & Mechanical - Anahatha Seminar Hall, SSE**

  
**Principal**

## Communicative English Class Series

Date: April 25th to 30th, 2022  
Location: Anahata seminar Hall  
Number of participants: 146

The Communicative English Class Series was conducted at Sanskrithi School of Engineering from April 25th to 30th 2022, was very effective, Ms. Maria and Mr. Jude prakash, esteemed language trainers, led the series classes, aiming to enhance the participants' English language skills and promote effective communication. The class series spanned over six days, providing comprehensive training in various aspects of English language proficiency.

**Training Overview:** The Communicative English Class Series encompassed a wide range of topics, allowing participants to improve their English language skills holistically.

**The training included the following key areas:**

**Grammar and Vocabulary:** Participants received in-depth lessons on English grammar rules, focusing on essential concepts and usage. Vocabulary building exercises and strategies were incorporated to expand participants' word knowledge and usage.

**Speaking and Listening Skills:** Interactive sessions were conducted to boost participants' confidence in spoken English. Various techniques, such as role plays, group discussions, and presentations, were employed to improve fluency and expression. Emphasis was placed on active listening skills, enabling participants to comprehend spoken English effectively.

**Writing Skills:** Writing exercises and assignments were given to enhance participants' written English proficiency trainers provided valuable feedback and guidance on sentence structure, coherence, and overall writing quality.

**Reading Comprehension:** Participants were exposed to a variety of reading materials, including articles, essays, and excerpts. Comprehension exercises were conducted to develop reading skills, such as inference, critical thinking, and vocabulary acquisition. Pronunciation and Accent:

Special attention was given to pronunciation accuracy and reducing accent barriers.

The trainers provided guidance on correct pronunciation of English sounds and emphasised stress and intonation patterns.

**Conclusion:** The Communicative English Class Series conducted by Ms. Maria and Mr. Pavankumar at Sanskrithi School of Engineering was a highly successful endeavour. The series provided participants with a comprehensive platform to enhance their English language skills, covering grammar, vocabulary, speaking, listening, writing, reading comprehension, and pronunciation. The trainers' expertise, engaging teaching style, and personalized attention contributed significantly to the participants' progress and confidence in English communication.

## CIRCULAR

14.05.2022

This is to inform all the students that there will be a 6-day English Language Program being organized for all the 3rd year students. All the students are instructed to attend the session compulsorily.

**Date – 16th to 21st May 2022**

**Venue - CSE - Sathya Digital Classroom, SSE.**

Civil & Mechanical - Shanthi Digital Classroom, SSE

ECE - Dharma Digital Classroom, SSE

EEE - Chakra Digital Classroom, SSE

## English Language Training Program at Sanskrithi School of Engineering

**Date:** May 16<sup>th</sup> to 21<sup>st</sup>, 2022

**Location:** Anahata seminar Hall and chakra digital classroom

**Number of participants:** 142

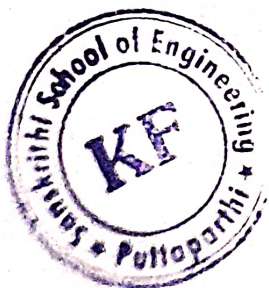

Ms. Beula and Pavan Kalyan external English trainers conducted a training session at Sanskrithi School of Engineering. The program aims to enhance the English language skills of students, enabling them to communicate effectively in academic, professional, and social settings.

Training Objectives: Improve students' proficiency in English grammar, vocabulary, pronunciation, and overall language fluency. Enhance students' listening, speaking, reading, and writing skills. Develop students' confidence in using English for various purposes, including presentations, interviews, and group discussions. Foster an understanding of English as a global language and its importance in the engineering field.

Ms. Beula is an experienced English language trainer with expertise in teaching grammar, vocabulary, and communication skills. She has a proven track record of helping students improve their English proficiency. Pavan Kalyan is an accomplished English language trainer known for his interactive teaching methods and innovative approach. He specializes in spoken English and interview skills training.

Writing exercises, including essay writing, report writing, and email correspondence, are assigned to develop students' writing skills. Audio and video resources are utilized to expose students to different accents and speaking styles.

Conclusion: The English language training program conducted by Ms. Beula and Pavan Kalyan at Sanskrithi School of Engineering is designed to equip students with the necessary skills to effectively communicate in English. By focusing on grammar, vocabulary, speaking, listening, reading, and writing, the program aims to enhance students' overall language proficiency and boost their confidence. The expertise of the instructors, coupled with an interactive and comprehensive curriculum, ensures a valuable learning experience for the students.
