Report on soft skills 5.1.2

Capacity Building and Skills Enhancement

Each and every student at Sanskrithi School of Engineering is closely supervised in order to help them develop the skills, information, instruments, equipment, and other resources they need to become successful at the professional front. Students will grow and succeed as a result in all of their endeavours.

Soft Skills, a technique that identifies personal transversal competences including interpersonal skills, language proficiency, friendliness, capacity to work in a team, and other personality factors that define connections between people, are becoming increasingly important in one's job development. Soft Skills are crucial for students to develop as they begin their job search preparation since they are vital for success in both personal and professional life.

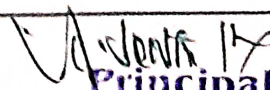

To help students strengthen their soft skills, the departments of Sanskrithi Engineering College have organised a variety of training courses. Through these activities, the students were able to learn and develop soft skills including written and spoken communication, presentation skills, interpersonal skills, creativity, and leadership abilities, among others.

The details of the year wise Capability building and skills enhancement programs organized are given below.

Summary soft skills initiatives

Date	Event
16th January 2017	Guest Lecture by Ms. Sarika on Personality Development
17th July 2017	A Motivational talk by Mr. Vijay Bhaskar Reddy
3rd October 2018	A guest lecture on 'how to be successful in life'
29th January 2019	A guest lecture on 'Decision making & Career growth'
5th August 2019	A guest lecture on soft skill by Ms. Chloe
4th January 2020	A debate as a part of speakers club
28 th to 30 th March 2022	Employment training Session on Personality Development

Talk on Personality Development By Ms.Sarika

Date: 19/04/2017

Venue: Anahata seminar hall

Number of students attended : 67

Sanskriti School of Engineering organized a personality development class conducted by Sarika, a renowned expert in the field of personality development and self-improvement. The aim of the session was to enhance the students' personal and professional skills, enabling them to become confident and well-rounded individuals.

Objectives:

The main objectives of the personality development class were as follows:

- To develop effective communication skills
- To improve interpersonal skills
- To enhance self-confidence and self-esteem
- To cultivate positive thinking and attitude
- To foster leadership qualities and teamwork
- To provide insights on personal grooming and etiquette

Session Details:

- Duration:** The session lasted for approximately 4 hours.
- Audience:** The class was attended by students from various departments
- Format:** The session was interactive, with a combination of lectures, activities, and group discussions.

Session Highlights:

Communication Skills: Ms Sarika emphasized the importance of effective communication and provided practical tips and techniques to improve verbal and non-verbal communication.

Interpersonal Skills: The session focused on building strong interpersonal skills, including active listening, empathy, and conflict resolution strategies.

Principal

Sanskriti School of Engineering
Beedupalli Road, Prasanthigram,
PUTTAPARTHI - 515 134,
Anantapuramu (Dt) A.P.

Self-confidence and Self-esteem: Sarika shared insights on developing self-confidence and provided exercises to boost self-esteem.

Student Engagement:

- a. Group Discussions: Students actively participated in group discussions and shared their experiences and perspectives.
- b. Q&A Session: A dedicated question-and-answer session allowed students to clarify their doubts and seek guidance on specific areas of personality development.

Conclusion:

The personality development class conducted by Sarika at Sanskrithi School of Engineering was highly informative and engaging. The session provided valuable insights and practical techniques for personal and professional growth. Students benefited from the interactive nature of the class and expressed their appreciation for the knowledge shared.

Overall, the personality development class by Sarika served as a catalyst for the students' personal growth, empowering them with essential skills for their future endeavours. Sanskrithi School of Engineering should continue organizing such sessions to nurture well-rounded individuals who are not only technically competent but also possess strong interpersonal and communication skills.

Student interaction with Chairman

Date : 27/07/2017

Venue: Decksha Classroom

Number of the students attended: 65

Sanskriti School of Engineering organized a students oriented interaction session with Chairman Vijay Bhaskar Reddy. The session aimed to provide students with an opportunity to engage with the chairman directly and discuss various aspects related to discipline and academic improvement. The interaction session aimed to inspire and motivate students towards excellence in their academic pursuits.

Objectives:

The main objectives of the interaction session were as follows:

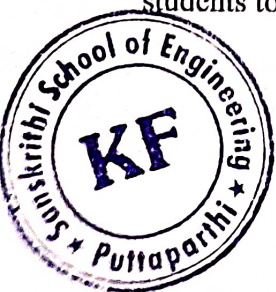

- To provide a platform for students to interact with Chairman
- To emphasize the importance of discipline in academic and personal life
- To discuss strategies for academic improvement and success
- To seek guidance and advice from the chairman on career prospects and professional development

Session Details:

- Duration:** The interaction session lasted for approximately two hours.
- Audience:** The session was attended by first year students
- Format:** The session was conducted in a conversational format, allowing students to ask questions and share their thoughts.

Session Highlights:

- Introduction and Motivational Address:** Chairman Vijay Bhaskar Reddy began the session by introducing himself and sharing his personal journey. He delivered a motivational address, inspiring students to strive for excellence and develop a strong work ethic.

Principal
Sanskriti School of Engineering

- b. Importance of Discipline: The chairman emphasized the significance of discipline in achieving academic and personal goals. He discussed the role of discipline in time management, consistent study habits, and maintaining a balanced lifestyle.
- c. Academic Improvement Strategies: Chairman Vijay Bhaskar Reddy shared valuable insights and strategies for academic improvement, including effective study techniques, goal-setting, and seeking help from mentors and faculty members.
- d. Student-Teacher Collaboration: The session highlighted the importance of collaborative efforts between students and teachers. Chairman Vijay Bhaskar Reddy encouraged students to actively engage with their professors, seek guidance, and participate in extracurricular activities to develop a holistic personality.
- e. Career Guidance and Professional Development: The chairman addressed students' queries regarding career prospects, industry trends, and opportunities for professional growth. He shared his own experiences and provided advice on making informed career choices and acquiring relevant skills.

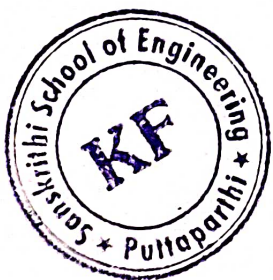

Student Engagement:

Question and Answer Session: Students actively participated by asking questions related to discipline, academic improvement, and career-related concerns. Chairman Vijay Bhaskar Reddy patiently addressed each question, providing valuable insights and guidance.

Conclusion:

The interaction session with Chairman Vijay Bhaskar Reddy at Sanskrithi School of Engineering proved to be an insightful and enriching experience for the students also the motivational address by the chairman served as a source of inspiration for the students to excel in their academic pursuits.

Recommendations:

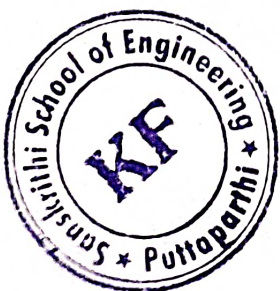

Principal
Sanskriti School of Engineering
Beedupalli Road, Prasanthingram,
PUTTAPARTHI - 515 134.
Anantapuramu (Dt) A.P.

- a. Follow-up Workshops: Organize follow-up workshops and seminars on discipline, time management, and study techniques to further support students' academic improvement.
- b. Mentorship Programs: Establish mentorship programs where students can seek guidance and support from experienced professionals in their respective fields of interest.
- c. Alumni Interaction Sessions: Arrange interactions with successful alumni to provide students with insights into their career journeys and inspire them to pursue their goals.

Mr. Vijay Bhaskar Reddy, Chairman, SGI, interacting with the students answering all their queries

Guest Lecture on Decision Making & Career Growth

Date: 26-02-2019

Topic: Decision Making & Career Growth

Venue: Anahata Auditorium - SSE

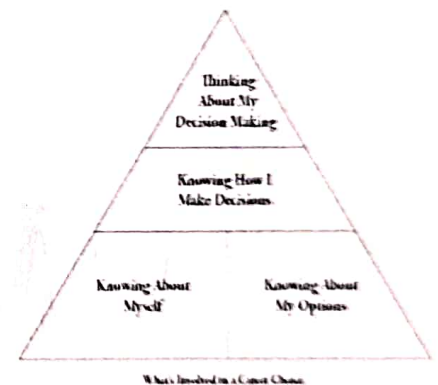

Resource Persons: Dr. Satish Ailawadi

Event Description:

The Department of EEE, Sanskrithi School of Engineering (SSE), Puttaparthi, is organizing a One Day Guest Lecturer on Decision making and Career Growth is an approach to learning from an industry perspective on 26th February 2019 in our SSE Campus.

Prof. Dr. A.Senthil Kumar, Principal, Resource Persons Dr. Satish Ailawadi, Director & Professor Operations Management, Institute of Management Technology, IMT-Hyderabad, member in Vienna university, Austria. The EEE Staff and Students had a guest lecture on 26th February 2019 at 10:00 AM in Anahatha seminar hall, SSE Campus.

The first step to solving a career problem is to bridge the gap between where you are and where you want to be. Exploring your values, interests, and skills will help you find educational and career options that match up with your goals. Whether you are choosing a major, searching for a job, or applying to grad schools, our theory-based services can help you develop and implement a plan for the future.

Know About Yourself:

Knowing what is important to you (your values), what you enjoy (your interests), and what you do well (your skills) will make it easier for you to make a career decision. Think of values, interests, and skills as the three legs of a stool. You will sit more comfortably with your decision if each leg is equally strong. The pyramid below is a simple way to remember what is important in making career decisions.

Engage in some or all of the activities below to learn more about your values, interests, and skills:
Use a Computer Assisted Career Guidance System (SIGI3, or FOCUS2) and complete an interest, skills, or values assessment by creating a free account.

Complete the Self-Directed Search (SDS) with the help of a Career Advisor at the Career Center. The SDS is an instrument designed to help you organize information about your interests and abilities.

Principal
Sanskriti School of Engineering
Beedupalli Road, Prasanthigram,
PUTTAPARTHI - 515 134.
Anantapuramu (Dt) A.P.

After you complete the inventory, you will be able to see how this information about yourself connects to occupations and fields of study. Complete the "Module III: Exploring Your Interests, Values, & Skills" activities. Who has given insight on Decision making and Career Growth to our students with his interactive session.

ఉన్నత లక్ష్యంతో ఉజ్వల భవిష్యత్తు

మాట్లాడుతున్న ప్రొఫెసర్ డాక్టర్ సతీష్

పుట్టపర్తి రూరల్, ఫిబ్రవరి 28, (ప్రభన్యూస్):

ప్రతి విద్యార్థి తాము ఎంచుకున్న లక్ష్యం పట్ల సృష్టమైన అవగాహన కలిగి ఉండాలని అప్పుడే విజయవంతుడు అవతాడని హైదరాబాద్‌కు చెందిన ఇన్‌స్టిట్యూట్ ఆఫ్ మేనేజ్‌మెంట్ టెక్నాలజీ కళాశాల ప్రొఫెసర్ డాక్టర్ సతీష్ పేర్కొన్నారు. మంగళవారం సంస్కృతి విద్యాసంస్థలో కేరీర్, గోల్ అనే అంశంపై సెమినార్ నిర్వహించారు. ఈ సందర్భంగా ఆయన మాట్లాడుతూ విద్యార్థులకు కేరీర్‌ను మలుచు కోవడంలో ప్రత్యేక ప్రణాళికతో పాటు శ్రద్ధ ఉండాలన్నారు.

భవిష్యత్తు పట్ల నేడు తీసుకునే నిర్ణయంతోనే జీవితం ఆధారపడి ఉండన్నారు. తమలోని బలహీనతలను ఎప్పటికప్పుడు సరిదిద్దు కొని ఉన్నత లక్ష్యం వైపు పయనించాలన్నారు. మహనీయుల జీవిత చరిత్రలను ఆదర్శంగా తీసుకొని ఉన్నతులుగా ఎదగాలన్నారు. అదేవిధంగా నేటి సామాజిక స్పృహ, సానుకూల దృక్పథం ఉండాలన్నారు. అనంతరం విద్యార్థులు అడిగిన ప్రశ్నలకు సందేహాలు నివృత్తి చేశారు. ఈ కార్యక్రమంలో ప్రిన్సిపాల్ సెండిల్‌కుమార్, డాక్టర్ శ్రీనివాసన్, సిబ్బంది పాల్గొన్నారు.

Workshop for Civil students on soft skills

Date: August 8, 2019

Venue: Anahata seminar hall

Organizer: Department of Civil Engineering, Sanskrithi School of Engineering

Presenter: Ms. Chloe (Foreign faculty)

Objective:

The workshop on soft skills for civil engineering students aimed to enhance the non-technical abilities of aspiring engineers, enabling them to communicate effectively, work collaboratively, and develop a professional demeanour. The session provided practical insights into the importance of soft skills in the construction industry and equipped participants with strategies to strengthen their interpersonal and leadership skills.

Workshop Highlights:

The workshop commenced at 9:00 AM in the conference hall of Sanskrithi School of Engineering. Over 100 civil engineering students from different semesters attended the event, along with several faculty members. Ms. Chloe, a foreign soft skills trainer with vast experience in the industry, conducted the workshop.

Introduction to Soft Skills:

Definition and significance of soft skills in the civil engineering profession.

Understanding the changing landscape of the construction industry and its demand for well-rounded professionals.

Effective Communication Skills:

Verbal and non-verbal communication techniques.

Active listening and effective questioning.

Principal
Sanskriti School of Engineering
Beedupalli Road, Prasanthigram,
PUTTAPARTHI - 515 134.
Anantapuramu (Dt) A.P.

Communicating technical concepts to non-technical stakeholders.

Teamwork and Collaboration:

The importance of teamwork in construction projects.

Building effective teams and resolving conflicts.

Strategies for effective collaboration and coordination.

Leadership and Management Skills:

Developing leadership qualities in engineering roles.

Time management and prioritization.

Decision-making and problem-solving skills.

Professional Etiquette and Personal Branding:

The participants expressed great satisfaction with the workshop, emphasizing its relevance to their future careers. They appreciated Ms. Chloe's expertise and her ability to make complex topics easy to understand. Some of the feedback received from the participants included:

"The workshop was an eye-opener. I realized how crucial soft skills are for our professional growth."

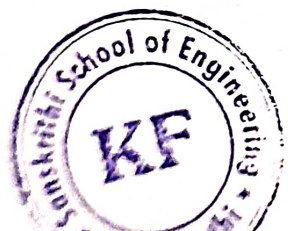

"Ms. Chloe's practical examples and interactive activities made the session engaging and informative."

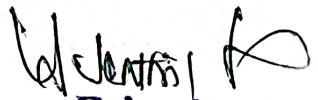

"I learned valuable techniques for effective communication and teamwork, which will benefit me in my future projects."

"The workshop inspired me to work on my leadership abilities and improve my overall professionalism."

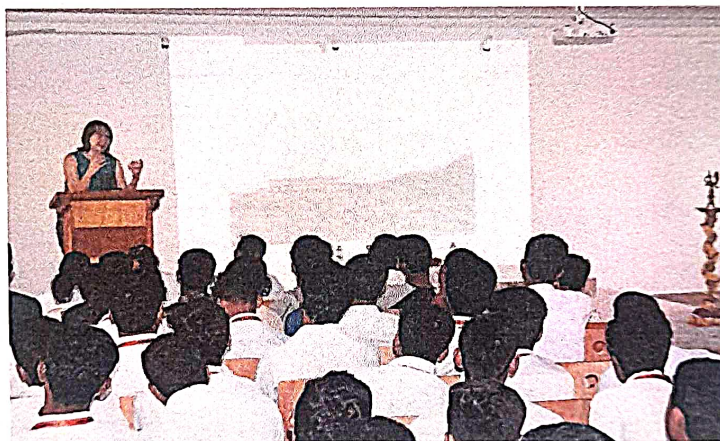

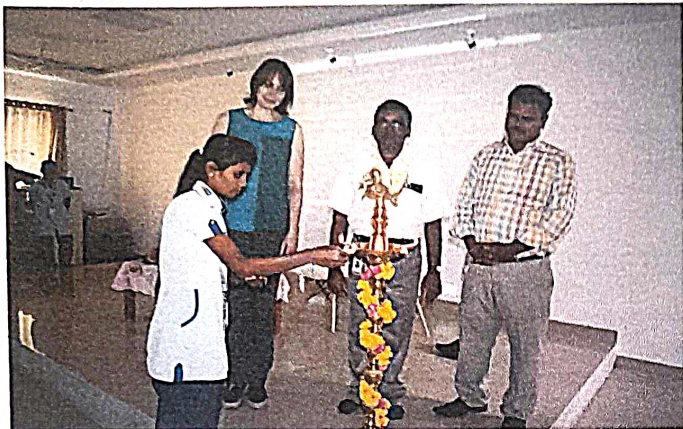

Conclusion:

The soft skills workshop conducted by Ms. Chloe at Sanskrithi School of Engineering proved to be a resounding success. The session provided civil engineering students with invaluable insights into the significance of non-technical abilities in their careers. Participants left the workshop equipped with practical tools to enhance their communication, collaboration, leadership, and professional etiquette.

Date: 18/01/2020

Trainers: Ms. Lorraine Lourenco and Ms. Anita Sherine (Senior Specialist -Training at PhonePe Bengaluru)

Venue : Shanthi digital classroom

Number of students attended : 54

The students of Sanskrithi school Engineering had a fun Saturday training session. Ms. Lorraine Lourenco (Senior Specialist -Training at PhonePe Bengaluru) and Ms. Anita Sherine, soft skills trainer visited the campus and interacted with them. While one can talk about themselves for hours, most often people find it hard talking about the person next to them (unless they are good friends/family).

It is even harder when we say to point the goodness in others rather than their drawbacks. Students were asked to introduce themselves and then tell a positive trait about their fellow student.

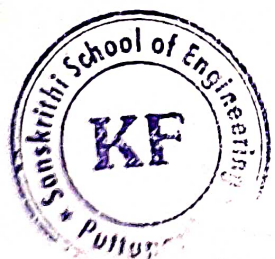

Besides getting the students involved and all excited, the purpose of the exercise was to bring out positivity and make somebody's day good. The session ended with smiles and stronger friendships.

Ms. Lorraine Lourenco interacting with the students on the power of positivity

Debate

Venue: Anahatha seminar hall

Sanskriti School of Engineering recently organized a thought-provoking debate on the topic, "Should women stay at home and look after children or go for their careers?" The debate aimed to explore the diverse perspectives surrounding the role of women in society, particularly in terms of balancing family responsibilities and professional aspirations. Students and faculty members actively participated, offering compelling arguments and engaging in a healthy exchange of ideas.

Opening Statements:

The debate began with the opening statements from the speakers representing each side of the argument. The proponents of women staying at home emphasized the importance of nurturing a family and creating a stable environment for children. They argued that being present at home allows women to provide emotional support, instill values, and ensure a strong foundation for their children's development.

On the other side, the proponents of women pursuing careers highlighted the significance of gender equality and empowerment. They emphasized that women should have the freedom to choose their paths and not be limited to traditional gender roles. They argued that women can contribute to society and the economy through their professional skills and talents.

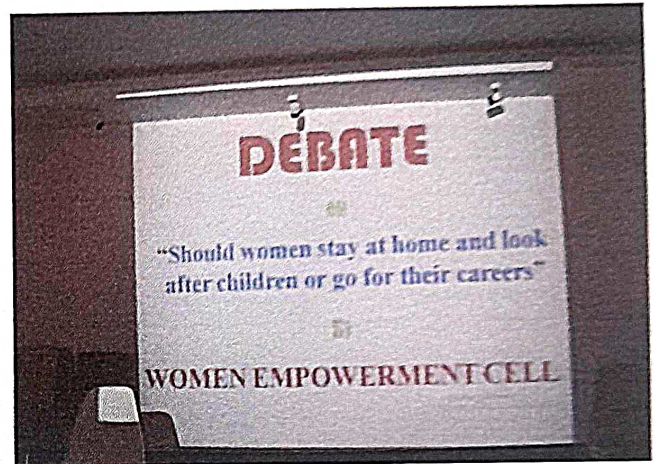

Conclusion:

The debate on whether women should stay at home and look after children or pursue careers sparked insightful discussions and provided a platform for students and faculty members to voice their opinions. It underscored the complexity of the issue, acknowledging the diverse circumstances and personal choices of women. The event encouraged critical thinking, highlighted the significance of gender equality, and promoted an inclusive approach towards women's roles in society.

Sanskriti School of Engineering's commitment to organizing such debates fosters an environment where students can engage in thoughtful conversations and develop a broader understanding of societal issues. The debate effectively brought to light the multifaceted aspects of the topic and inspired participants to contribute to the ongoing dialogue surrounding women's roles in modern society.

The faculty members conducting the debate competition and the students awaiting for the instruction for the same.

“Employment training session for Personality Development”**Date :** 28.03.2022 – 30.03.2022**Title :** Employment training Session on Personality Development**Participants :** III ECE**No of participants:** 69

Department of ECE, Sanskrithi school of Engineering, conducted a three-day workshop “Employment training session Personality Development” from 28th march to 30th march 2022. The workshop was conducted by industry experts Mr. from Rubicon Trainer *Lead Trainer and Facilitator*,

The workshop began at 09:30 am on 28th march 2022 with the inauguration of the workshop. The students were then taught the basics of personality development often takes place in a baby before he has learned language or basic communication skills.

The next day i.e. 29th march 2022, the trainer taught the Importance of groups in organization, and Team Interactions in group, Group Building Decision Taking, Team Building, Interaction with the Team, how to build a good team?

The third day of the workshop began in the morning with the flying sessions. The team leaders got the opportunity to Lead the Group. The workshop further continued in the seminar hall with some more theory sessions that included.

Objective of the Event

The main objectives of the event were:

- The students should be able to put theoretical knowledge into practical use.
- To increase the ability of the students to work as a team

The aim of economic development is to improve the material standards of living by raising the absolute level of per capita incomes. Raising per capita incomes is also a stated objective of policy of the governments of all developing

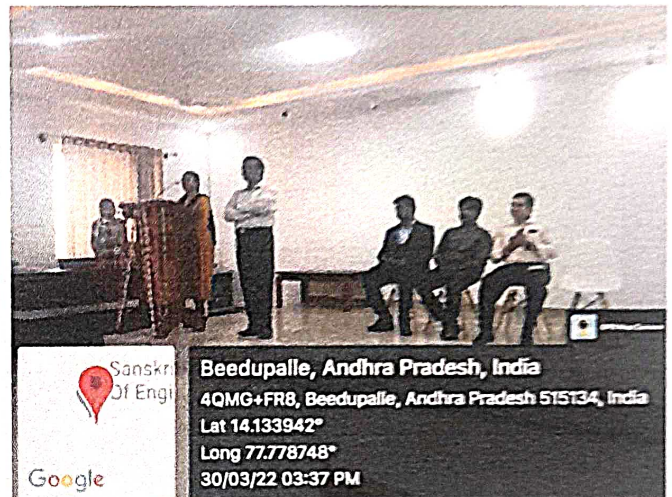

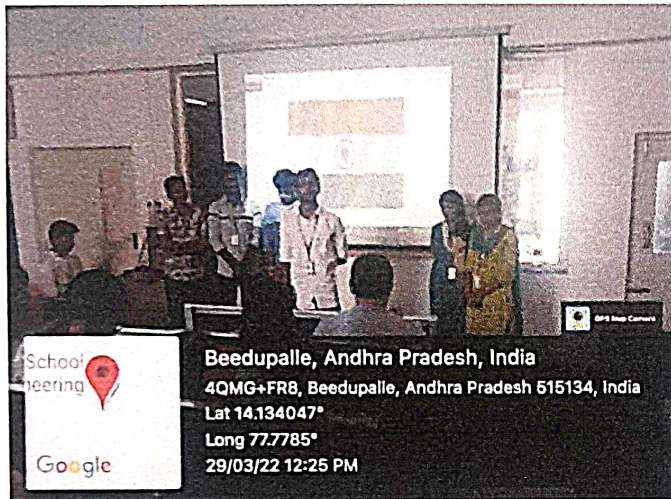

Principal
Sanskriti School of Engineering
Beedupalli Road, Prasanthigram,
PUTTAPARTHI - 515 134,
Anantapuramu (D) A.P.

Outcome of the Event

- The students were able to successfully build their personality.
- The students learned the basic principles of Personality.

Learning a language will improve some of your key skills such as negotiating, communication and problem solving and it will give you more confidence. Studies also show that learning another language increases your brain capacity, improves your memory and helps stave off dementia and Alzheimer's.

The session in progress where students are involved different activities to get a better understanding
